Round Table & New Business

We need to start organizing a committee for the 2022 golf outing. Chris M. has a golf pro contact that can help assist with next years outing.

It was suggested to change the venue, possible even move it further west, to help attract new golfers/teams and to change the date to a Thursday to help improve participation.

Multiple cities are moving to an online reporting system called Compliance Engine. Papillion, Norfolk, and Scottsbluff have all gone live and Omaha is expected to start participating on October 1st. There is a fee to upload each report and is a required process instituted by each City to help ensure 100% compliance in inspections and deficiencies of fire safety systems. <https://www.thecomplianceengine.com>

SFPE will be holding a Fire Pump training class in June of 2022. More information to follow once received.

Adjournment:

Meeting was adjourned at 11:10am by Sean Saunders.
